

Friends and Gems Acrylic Painting Lesson for Beginners: The Caleb Tree (Volume 12)

This book features a beautiful spattering technique where the brush is dipped in acrylic paint and tapped which cause a delicate spray of color across the canvas. Then it is sprinkled with glitter and sparkles with color and movement. You do not have to have any artistic ability it is so simple! Everyone will love this and the color pictures will guide you step by step. There are poems, and stories and an uplifting bible study to help you uncover your purpose while you wait for your painting to dry. The lesson can be done in your personal alone time or with your children or grandchildren or as a painting party with friends
