

Watercolor (Step By Step Art School)

If you find the translucence of watercolor irresistible, here's how to get the best results possible. Find out what subjects particularly suit the medium, and start with washes (flat, wet-on-wet, and more), that form the basis of any watercolor. Develop techniques such as lifting out color, experiment with paper texture, and spattering. Soon, you'll paint a beach scene, brilliantly-hued flowers, a child with a panda, a boat, and more.
