

# Medical and Psychiatric Issues for Counsellors (Professional Skills for Counsellors Series)

An interesting overview of medical and psychiatric issues that may arise for counsellors... readable, lucid and free of jargon. The issues addressed include referral and assessment, ongoing counselling and supervision, medical conditions and their treatment, psychiatric conditions and their treatment, and ethical and legal issues... it raises awareness of some important issues to consider when working with clients with medical and psychiatric conditions - British Journal of Guidance and Counselling Counsellors often encounter situations where clients medical or psychiatric conditions - and their treatment - affect the assessment of, or work with, clients. This comprehensive overview highlights key concerns
