

Film & Tv : A Directors Guide

Screenplay writing, shooting and Editing are the three important aspects in the process of film making, a Film Director has to command for a successful film or a television show therefore rightly so, these stages are recognized as Three steps to be a successful director. A director is considered to be the captain of the ship and it is his responsibility to sail or sink the ship. Film is a directors medium whose work starts with the seed of an idea of making a film. It is the director who first assimilates the story idea and makes out a systematic plan to translate his imaginative ideas to the screen play before proceeding to shoot and edit thereafter. The book Film & Tv : A Directors Guide in its twelve scenes explains different aspects of film and television production, process and technology which includes pre-production preparations, Production planning and precautions, nuances of screen play writing ,shooting on floor and post shooting tasks to be accomplished. The simple presentation of Film & Tv : A Directors Guide does not restrict the book only to the students of cinema but those have no knowledge of films and television technology may also find it easy to grasp and boost their confidence to realize their dreams to be a Director. The book may open a window to them to peep in to film making. critics and analysts of cinema and television may also be benefited by the exposure of practical aspects of cinema explained in simple manners in the book. Film & Tv: A Directors Guide, authored by Kuldeep sinha, a film graduate from Film and television institute of India and winner of many National and International awards for his films, makes an attempt to fill the void to an extent with its simple narrative and explanation about the fundamentals of film making that a Director must know.
