

## A Force of Nature: The Ceramic Art of Randy Johnston

Randy Johnston is a renowned contemporary American potter trained in the American Midwest and under Shimaoka Tatsuzo in Mashiko, Japan. He is a working potter who maintains fidelity to the tradition and philosophy that initially turned him to ceramics: mingei. His vessels, fired in Japanese-style wood-burning kilns, are imbued with the mingei ideal: handcrafted, functional and representative of the Wisconsin setting where he lives and works.
