

Gift of Love

Before there was time and space, before the Big Bang, there was Love. What are all the galaxies about? Love What is holding the universe together? Love What is the binding force among water molecules? Love What is in the heart of an atom? Love What makes a bird sing? Love What makes a flower blossom? Love What makes me write this poem? Love What makes me create this artwork? Love Love is the Law in the visible and invisible worlds, Love is the timeless truth, Truth is like the sun, and Love the sunshine, Without the sun there will be no life and without Love life has no meaning. Love is the greatest gift!
