

The Journey Home: A Tale From the Land of Ononokin

This is not a childrens book!Paulie Vergen is a Vampire who went through the daily grind of life until a fateful day when a newly infected Werewolf landed on his doorstep. Now Paulie has to help the poor fellow navigate through the Underworld in order to get to the land of Yezan, which is the home of the Werewolves.They soon find out that there is more to this journey than theyd anticipated.In addition to standard travel woes, an assassin is hot on their trail and he wants nothing more than to intercept them before they can get to their destination.Overall, an entertaining read with great skills ... fantastic voice!
