

Raw Youth

The young men of Jay Diers are so young and cheeky they are impossible to resist. You just want them all. Raw Youth is the definitive photo collection for everyone who enjoys looking at young men. Private, provocative and always very sexy, the photographer has captured them in their usual environs and in natural light. Jay Diers conveys the joy found in the legends of youth on the verge of manhood. Its a refreshing collection of expressive works, inspired by young men.
