

## ASCENSION: THE SYSTEMIC SERIES (book 5)

Ascension is book #5 in the Systemic series. Summer fades in Florida with visions of what might have been for John Stevens and his family. But they're still holding out hope as they continue to search for a place they can finally call home. And they're not alone in their desire to make a fresh start in the Sunshine State. Jake Stines and his lovely, yet fiercely determined partner, Ava Acadro, are also looking to lay down roots in the area after being forced from Atlanta. But as the power-hungry duo make a push to take control of Miami, Ava realizes that someone from her past could complicate matters. While Jake and Ava vie for power, John and his family arrive to the city desperate and lacking supplies. Both sides will quickly find their efforts becoming an all or nothing struggle to finally achieve their goals while battling the mayhem left behind in the post-pandemic world. About the Author: K.W. Callahan left his role in the hospitality industry to pursue a career in writing. Since then, he has written books on a variety of subjects as well as penned articles for numerous print and online publications. Before his work on the Systemic series, K.W. authored several other novels that include: *The M.O.D. Files: The Guest Who Stayed Over*, a murder mystery set within the confines of a landmark Chicago hotel, and *Palos Heights*, a suspense thriller that follows four college students on a weekend bike trip that takes a dark and deadly turn.
