

Girl in the Air (Alice Brickstone) (Volume 1)

63 200LBS, AIRBORNE AND ANGRY. ARE THEY SMART ENOUGH TO LEAVE HER ALONE? A teenaged loner who sees more than she should, Alice Brickstone's mission in life is to find out who or what killed her twin brother a decade earlier. All her parents will divulge is that he died on a family trip to an ashram in India. When she begins to see faces from her childhood nightmares in her remote ski town in Colorado, Alice sees an opportunity to hunt for information and revenge. She works alone and observes no caution. Her simple mission is complicated when a strange Himalayan hermit shows up in the woods near her house telling her that she has paranormal abilities. Skeptical but determined to use any advantage to end the threat against her, she is shocked to suddenly become the hunted. There is only one way out: Alice must master her newfound skills and fly before tragedy takes over again. GIRL IN THE AIR is the first book in a series of page-turning, fast-paced magical realism thrillers set in the rocky mountains. Be transported into Alice's low-tech world of ancient yogic supernatural abilities, modern teenaged angst and post-modern world problems. Readers interested in Asian mythology will enjoy discovering subtle allusions to the Mahabharata. If you like your heroes big like Jack Reacher, weird like Carrie, or scarred like Harry Potter, you'll love Tyler Pike's character, Alice Brickstone. Buy GIRL IN THE AIR today and join Alice on her harrowing ride. It's good, and wackily funny, and mostly ridiculously believable. An unstoppable magic realism action thriller. Tom Flood, Award-winning Author
