

Any Questions?

What is the major differentiator in your marketplace? QUALITY! It must be Customer driven, it is a shared Leadership Value and your Products and Services reflect it ~Ralph Jarvis Its a new dawn in the competitive landscape. Mr. Jarvis wrote and published his first Sustainability and Lean Six Sigma book entitled Any Questions?. Designed to be an executive primer that broadly portrays Business Transformation, based on Sustainability opportunities executed in tandem with a Lean Six Sigma. It is a leadership primer for Owners and CEOs who seek business knowledge inherent in Sustainability and Lean Six Sigma transformation. While being mindful of my Customers needs, the book has been organized to be a quick reference, to save you time for leadership duties. This book is broken down from the Strategic viewpoint, to the granular level of the Lean Six Sigma methodology. Each section of the book outlines the framework of Executive Commitment, MetaPlanning, Transformation, Realization and Innovation. Within each chapter, a summary is included and outlines key points that are topics for discussion. While being mindful of my Customers needs, the book has been organized to be a quick reference, to save time. This book will be available in paperback or in electronic formats. Two sites are available for either format: Amazon and eBooks. Any Questions? will be available in 2011 from Amazon, eBooks and this web site in both paperback and Kindle formats. A Clients Reward Program is designed to meet your corporate needs, for mini-seminars, lectures or consulting engagements. Please feel free to contact his company for availability.
