

# Beginners Guide to Digital Painting in Photoshop Elements

Adobe Photoshop Elements is a perfect tool to learn for an artists first digital creative adventure, with a simplified interface and fewer variable parameters than its big brother, Photoshop. The Elements version of Photoshop helpfully allows a beginner artist to really focus on the basic tools at hand, honing the fundamental techniques required to build up a useable skill set. The sequel to the bestselling Beginners Guide to Digital Painting in Photoshop, this new title features an array of talented artists with a collection of easy to follow projects, top tips, and simple techniques for impressive digital paintings.
