

Oil: Street Scenes Around the World (How to Draw & Paint/Art Instruction Program)

Master Painting Street Scenes Four accomplished oil painters invite you into their artistic worlds and show you how to re-create a variety of beautiful street scenes in oil. In this book, you'll learn each artist's own techniques and tips for creating special effects, as well as their individual approaches to developing a painting to its fullest. Moreover, you'll find a wealth of examples of intriguing locations around the world to both copy and admire, making this a welcome reference book!
