

Bounty

Homework, tests, pop quizzes, jocks, bullies, and teachers who won't get off your back are just some of the problems faced by high school students Sosuke Sagara and Kaoru Mehogi. But when they aren't sitting in school, they're hunting some of the most dangerous criminals known to mankind for some extra money. Sosuke and Kaoru are both average teens just trying to pass through school without failing or pissing off teachers except for the fact that when the school bell rings and they leave the school, they both become bounty hunters. But in the distant future, not only does bounty hunting include the ability to send the bounty six feet under, it also lets anyone who wants to quench their thirst for the hunt to hunt as well. Although this is looked down upon by many (including the principal of their school) Sosuke and Kaoru hunt whenever they can. But when chasing a particularly beautiful, as well as dangerous, bank robber (Cindy Chen), Sosuke falls in love; and he makes a decision that will alter the course of his life forever.
