

Strands of Sorrow: Black Tide Rising, Book 4

A hardened group of survivors fight back against a zombie plague that has brought down civilization. With the world consumed by a devastating plague that drives humans violently insane, what was once a band of desperate survivors bobbing on a dark Atlantic ocean has now become Wolf Squadron, the only hope for the salvation of the human race. Banding together with what remains of the U.S. Navy, Wolf Squadron, and its leader Steve Smith, not only plans to survive - he plans to retake the mainland from the infected, starting with North America. Smith's teenage daughters have become zombie hunters of unparalleled skill, both at land and on the sea, and they may hold the key to the rebirth of civilization on a devastated planet.
