

The Jaguar Hunter

Fourteen stories - including Radiant Green Star, winner of the 2001 Locus Award for Best Novella - make up this classic collection. Leading off the book is the Nebula Award-winning title story, in which a poor Honduran hunter is coerced into tracking the forbidden Black Jaguar of Barrio Carolina. Futuristic war, menacing wind spirits, parallel worlds, a six-thousand-foot dragon: this collection proves that Shepard is neither genre fantasist nor strict realist, but one of the most intriguing writers we have today.
