

Wild Wolf (Shifters Unbound)

Graham McNeil knows that his pack is unruly, but hes not sure he can take the next step toward pack stability. After losing his first mate long ago, Graham has worked hard to keep his heart in check. Besides, even if he was inclined to choose a new mate, his girlfriend, Misty, is human-a fact that wont sit well with Grahams old-fashioned pack. But Misty is going through a crisis of her own, one that brings danger and death to the pack. With the wolves doubly convinced that there needs to be a shake-up, Graham must now defend his leadership and save the woman he has grown to love-before Shifertown is pulled into an all-out war.
