

Can We Save The Human Race?

JOURNALIST FOLLOWS STORY: CAN WE SAVE THE HUMAN RACE? The earth is on the brink of destruction. If human beings remain on earth, the prognosis is they face extinction. Despite this grim reality, the country of Torcia believes advances made in cloning and brain modification in the twenty-third century will allow it to avoid extinction of the human race. Torcia has determined the use of clones to be the most precise and effective manner to carry out its mission. Research facility, Lencar Center, has developed clones to explore and develop a new planet, JL4. Unfortunately, there are reports of violence and suicides at the Center. The director has called these reports scurrilous rumors against the Center. Determined to follow the story, Journalist Dal risks her life to find out what is happening at the Center and provide information to the public!
