

Cast Drawing Using the Sight-Size Approach

The first book of its kind, *Cast Drawing Using the Sight-Size Approach* teaches the student a systematic way to meet the challenges of drawing. Traditionally taught in classical art ateliers, Sight-Size is an approach to drawing and painting from life. It is through cast drawing that the basics of Sight-Size are learned. This approach is readily adaptable to other disciplines such as portraiture, still life, interiors, landscape and figurative painting. For more information about other books in the Sight-Size Library as well as instructional DVDs and Sight-Size in general please direct your web browser to www.Sight-Size.com.
