

## The Promised One (Cherokee Mists) (Volume 1)

Adventure, drama, emotion, magic, imagination, mysticism, insight into prehistoric people—this book is an amazing ride into the unknown! Tony Hillerman

A young Shaman of the Galayi people has had a powerful and frightening vision: it is of the Eagle Feather Cape, the gift of the Thunderbird, which is worn by the Seer of the People to see the future and gain the guidance of the gods. The cape is torn and bloody, and it will no longer bring visions to the Seer of the People. But the Shamans vision also tells her of the cure: a child will be born to the People, a hero who will restore the cape and return the goodwill of the gods to the People. Dahzi may be that hero, if he can survive the hatred of his grandfather. He was born after his mothers death, as she fled from her fathers anger. But Dahzi carries the hope of all of his People, along with the power to become a great Chief. He will be tested—by his family, by his people, and by the Gods.

The Promised One is a magnificent retelling of a Cherokee legend. It brings to life an ancient people and a time of magic in a warm and intimate storytellers voice.

Reviews From Publishers Weekly

In this thoughtful debut, a retelling of an ancient Cherokee myth, Sunoya, born under a sign revealing that her life would be either one of great blessings or darkness, sets out on a path toward becoming her tribes medicine chief. When she is grown and a vision shows her people facing destruction, the responsibility to save them at the cost of a great sacrifice falls first on her and then, years later, on Dahzi, a boy shes rescued and adopted. Dahzi struggles with his heritage and youthful desires as he fights for his people and eventually confronts the Immortals, the beings who created the world. The authors elegantly blend the old tale and contemporary fantasy without being anachronistic or plodding, bringing depth and humor even to elements such as Sunoyas spirit guide. (July) Copyright
