

Soulwoven: Exile (Volume 2)

The second volume in the dark epic fantasy series SOULWOVEN. Darkness is falling.

The dragon Sherduan is free, and the fate of the world balances on the tips of its claws. Friends and brothers are separated. Apart, they travel through shadow. A young man born a monster wrestles with his heritage. New lovers cling to happiness as the world crumbles. A prince discovers that, in the end, his weakness may outweigh his determination. Two soulweavers find in homecomings not solace but soul-crushing ordeal. Those who stood before the black wall when Sherduan was summoned were chosen. But by whom? And for what? And will their courage create enough light to push back the darkness?
