 is my first Kindle art book collecting 66  
 original computer graphics of unreal  
 imaginary world with a real photographic  
 touch. I never refer to any real scenery nor  
 compose any real photo data. Those  
 graphics are completely original. I  
 published an art book of computer graphics  
 Close Encounters 2011 in 2011, and many  
 of its content are used for this Kindle book  
 with a tiltshift effect attached. Please enjoy  
 traveling around this fantastic world!  
 About the author: CG artist. Former high  
 school teacher of English. Some books  
 about Apple HyperCard were published in  
 1990s from Ohmsha, Ltd.
