

## New Dinosaur Discoveries A-Z

William Stout captures the spirit of twenty-six new dinosaur discoveries in this highly visual kid-friendly edition. Cool dino facts accompany each colorful drawing. The exciting traits of these fantastic creatures are presented in a simple and easy to read layout. Learn what their names mean, what they ate, where they were discovered, and how big they were. Run through the alphabet from A is for Amargasaurus to Z is for Zuniceratops. From the small to the gigantic, and the incredible, to the bizarre, join in this fun adventure of exploring dinosaurs and their world.
