

Reaper Can Die (Reaper King Series) (Volume 1)

Genesis is old enough to understand what war is, but he has a hard time understanding what to do when it is forced on him. The Reaper War has begun and Genesis is learning more about himself everyday from the events of the war. Learning his own superpowers as well as being trained by some of the greatest warriors of the Reapers, Genesis becomes one of the most important pieces to a war hundreds of years in the making. Will Genesis become strong enough to stop what the future has already planned for him?
