

## Experiencing Music Technology (with DVD-ROM)

Enhance your understanding of music technology with EXPERIENCING MUSIC TECHNOLOGY with accompanying DVD-ROM! Complete, practical, and up-to-date, this music text uses real-world software examples to give you a practical understanding of the technology without overwhelming you with the ever-changing details. You are encouraged to acquire the general skills and knowledge needed to evaluate, adapt to, and implement new technologies as they emerge. Software examples and activities found in the text and on the accompanying CD-ROM are provided to help you see the real-world relevance of what you are learning.
