

## Cristoforis Dream

In a magical quest for a Christmas miracle, he did not understand the power with which he played . . . In this timely and haunting tale about revenge and forgiveness, writing and painting, a bullied young teen--overwhelmed by tragedy--abandons his faith for science, then escapes to a world of his own making in search of a Christmas miracle for his dying younger sister. There, he must confront all of his creations--the sacred and the unholy--if he wants to recapture the true love he once knew, and save his sister from the deadly legacy that relentlessly stalks her. Because it really does matter what he believes, especially this holiday season . . .
