

Decorative Flower Designs CD-ROM and Book (Dover Electronic Clip Art)

A magnificent variety of lovely flowers graces this collection of ready-to-use art--from the luxuriant dahlia, camellia, and peony to the dainty African violet and stately columbine. Appearing in small bouquets or as exquisite single blooms, the flowers are often accompanied by sinuously woven leaves and stems, with many of the compositions forming frames, repeating borders, and other motifs. Graphic artists and commercial designers will welcome these lush images, as will needleworkers and craftspeople working on a variety of projects.
