

## Discordant Tones (War Songs Trilogy)

After growing up in an ever-expanding refugee settlement due to a never-ending war, Trent, Dreth, and Alyssa are tasked with covertly exploring the warring kingdoms to find out new information concerning the conflict. Armed only with magic they use through music and Dreth's shape-shifting abilities, these companions face powerful threats and uncover deeper secrets than they could ever imagine. Coming of age in a war-torn land is not easy, and they quickly find themselves at the center of the conflict. It is up to them to end the war, but do they have what it takes?
