

Dried Fruit Gifts: Great Ideas for Original Gifts and Projects with Dried Fruit

The range of dried fruit available has expanded quite dramatically over the last few years and is varied and interesting in terms of both colour and taste. Add to this the many different textures of the various kinds of dried fruit, and you have the ideal combination for attractive and unusual presentations. Dried fruit combines excellently with nuts of all kinds, as well as high quality chocolates for an extra special and exotic gift. The book includes step-by-step colour photographs.
