

Animal Folk Art CD-ROM and Book (Dover Electronic Clip Art)

This extensive, carefully researched, and strikingly rendered collection of animal folk art designs includes scores of images from around the world: Early American roosters and eagles, ancient Peruvian llamas, stylized fish from the Ukraine, Chinese dragons, butterflies from China and Korea, and a host of other vibrant motifs. Included in the set are a CD-ROM containing 354 high-quality, permission-free images scanned at 600 dpi and saved in six different formats (TIFF, PICT, EPS, BMP, as well as Internet-ready JPEG and GIF), and a large-format 48-page book with every image on the CD-ROM printed large and clearly for easy reference. Also included on the CD-ROM is Dover Design Manager, a simple graphics editing program for Windows. Conveniently arranged by country, the unusual illustrations will appeal to students of folk art, graphic designers, and craftworkers alike.
