

Extreme Art Nudes: Artistic Erotic Photo Essays Far Outside Of The Boudoir

Extreme Art Nudes has taken the classic nude out of the boudoir . . . WAY out! Maintaining a highly artistic perspective, we have explored a number of fetishes and other situations that are atypical of the classic nude. This juxtaposition of the soft female form with harsh elements creates the most compelling imagery. It is a celebration of the great inner strength that women share, and exhibited herein by my amazing model and muse, Vanessa. Brief erotic essays accompany the spectacular, full-color and timeless B&W photographs. They provide the reader with a spicy insiders perspective related to the genesis and creation of each image. Also, as the chapters unfold, they will reveal a love story - that special relationship between an artist and his muse.
