

## Mods: A Mouse and Snake Cyberpunk Short Story (Volume 3)

Bot smasher Nakato dedicated her life to taking the broken tech other people had abandoned and turning it into robots designs that the world had never seen. Only two things drew her from her home high in the Web: her best friend Rafah and commissions for customers she liked. Those two things drew Nakato out of her comfortable rut when a commission for prosthetic arms for the orca War Tooth revealed just how much she had left to learn at the same time that Rafah fell into an abusive relationship that threatened her very life. Mods is a thrilling cyberpunk story set in the Mouse and Snake universe thats sure to excite.
