

## 1633

New York Times best-selling author Eric Flint's 1632 presented listeners with a fascinating alternate history of the Thirty Years War, through the eyes of a West Virginia community tossed back in time to 17th-century Germany. Here, Flint teams up with acclaimed science fiction author David Weber to continue his epic tale. In 1633, the West Virginians attempt to use their modern-day knowledge to build a resistance against the forces of France, Spain, and England.
