

A Book of Gardens

A Book of Gardens was first published by Lee Kelly and Bonnie Bronson in 1987 as a study of garden designs from India, ancient Egypt and Japan. Hand-printed and illustrated by Lee Kelly, designed and spiral bound by Bonnie Bronson, this small book had a single release of fewer than fifty copies. This 2015 edition includes a facsimile reproduction of the original book and photographs from Lees sculptures as installed at his home in Oregon City. Included are introductions by Randal Davis and Cassandra Kelly.
