

## Business Sense - Organizational Development

Long-term success, regardless of organizational size, is most often attributed to the development of a winning team. Hiring, managing, developing and retaining that team requires a strategic and methodical approach to building each member. Dr. Coker has selected 18 important articles from one of the American City Business Journals to identify key elements that any company can use to maximize the potential of their team members. Table of Contents

1. How To Meet The Labor Shortage Head On
2. Dismaying Inter-Departmental Turf Wars
3. Training That Makes A Difference
4. Six Basic Principles Put A Spark In Stalled Businesses
5. Managing Human Assets For Success
6. Supervisory Success Doesn't Just Come From Experience
7. Workplace Aggression Is Costly For All Businesses
8. Performance Is Key To Business Success
