

## Non-school non-professional photography skills: professional grade commodities photography seminar(Chinese Edition)

Paperback. Pub Date: 2010 Pages: 128  
Language: Traditional Chinese Publisher:  
Sharp Point Publishing photographer with  
professional skills in lighting. the light  
source can be freely manipulated like to  
cast the magic of light and shadow. and not  
just to reproduce the shape of the body  
being photographed color and texture. but  
also to show the object itself has charm on  
the outside. like commercial advertising  
type of still life photography studio with  
lighting technology are inseparable.  
including lighting. tripods. reflectors and  
other photographic equipment items  
placement. angle esoteric knowledge.  
commodity texture style shoot through  
different performance practices meet or  
stressed. Contents: Professional  
Techniques Photography Portfolio  
photography Commentary: jade within  
public a / Hasegawa repair / ancient  
Pu-sensitive line / new rattan repair a /  
Bear Valley Akira ...
