

Hunting for Witches: The Ludus: Book One (Volume 1)

Witches have been obliterated - or so the world hopes. At 24, Roo struggles to keep her DNA-changing abilities secret. She doesn't feel like a witch, but if she isn't, how can she manipulate the physical world? Why does she feel the energy of all living things? On tenuous ground, Roo keeps her skills hidden with the help of her sexy songstress BFF and her barmaid job at The Cauldron. Hiding in plain sight seems to be working until a mysterious witch hunter comes to town. Roo's powers are growing and, when a witch possesses the body of her sister, she defends her using any means possible. Roo is exposed and attacked from all sides. She must learn to trust others while she discovers her identity and masters her powers to save the lives of her loved ones. She needs to convince herself and her town that she's more than a witch. Inspired by mythology, science and fantasy, this fascinating debut novel is set in a brilliantly envisioned world where life is a secret game played by gods and witches until death ...
