

Elements of Blood

Darkness is an ocean of the forgotten and those who chose to forget. Of the many things that Darkness was, these were the factors that Xantae reached out too. What is it like to forget everything from your past and not remember why you wanted to forget it in the first place? Xantae has no recollection of anything but of who he is, what he is. A Blood Elementalist. Now determined to find what was lost, Xantae heads straight into the problems of his home planet Neasil. The planet is in dire need of a revolution from the corrupt Prince. The Prince is one of the only people who knows Xantae's past, and he plans to find out what the Prince knows.
