

How to Paint a Poppy that POPS! (Watercolor 411)

Learn to paint your stress away with this step by step instructional guide loaded with demonstration photos. Award winning artist Katherine McDermott teaches her intuitive Shape Memory Method of drawing and guides you through the entire painting process using watercolor glazing techniques. Everything is included- from the free downloadable reference photo to the supplies used and where to find them. In approximately 79 pages, there are more than 100 photos that specifically detail the process, from start to finish. Beyond relaxation, painting is meditation. Begin your relaxing journey now! The 2nd edition includes more information and guidance in the supply list. Katherine did the research and since art supplies can be pricey, have added alternatives and options in building your watercolor supply stock. With deep gratitude to Michael Turri. Your talent with a camera is amazing! And to Connie Shelton and Roz Garland, your good eyes, careful review and honest feedback was invaluable to me. Thank you!
