

Sitting on the Edge: Modernist Design from the Collection of Michael and Gabrielle Boyd

One hundred chairs, couches, other seating furniture, and objects from what is perhaps the most important and comprehensive collection of modernist furniture in private hands have been newly photographed in color for this lavish book. Accompanying an exhibition at the San Francisco Museum of Modern Art, this book spans the 20th century as it showcases the work of modern masters ranging from Peter Behrens, Otto Wagner, and Gerrit Rietveld, through LeCorbusier and Frank Lloyd Wright, to Wendell Castle, Donald Judd, and Marco Zanuso. *Sitting on the Edge* will delight and inform design professionals as well as anyone with a passion for style.
