

Leadership Team Coaching in Practice: Developing High-performing Teams

Leadership Team Coaching in Practice looks at how leadership team coaching techniques have been applied internationally across a variety of team types and sectors. With expert contributors including chief executives, team coaches, team leaders and consultants, this practical guide offers a range of real case studies to illustrate best practice with a detailed analysis of methods and processes tailored to the needs of each organization. Readers will learn how to develop their own unique approach to fostering collective transformational leadership across teams, whatever their business sector and whatever type of team they lead. The book can be used either as a stand-alone workbook or as a practical companion to Leadership Team Coaching, which offers a comprehensive introduction to creating and developing high performing teams through transformational leadership.
