

## Legends of Jazz

Arguably America's most profound cultural contribution, jazz has evolved for over a hundred years since its birth in the ethnic gumbo of New Orleans at the dawn of the 20th century. This elegant volume presents a portrait gallery of 50 eminent musical legends, from Jelly Roll Morton, perhaps the inventor of the art form, to contemporary saxman Joe Lovano, who contributes a foreword. Each figure is featured in handsome vintage photographs and a pithy, revealing biography. Portraits include: Louis Armstrong \* Sidney Bechet \* Bix Beiderbecke \* Duke Ellington \* Fats Waller \* Benny Goodman \* Billie Holiday \* Charlie Parker \* Dizzy Gillespie \* Thelonious Monk \* Sarah Vaughn \* Miles Davis \* John Coltrane \* Chet Baker \* Wynton Marsalis \* and many more!
