

Let the Dogs Speak

You see a working dog in a cape and you wonder: Can I pet him? How did he get to be so well-trained? Is he happy? In *Let the Dogs Speak!* four puppies tell their funny, suspenseful, and heartwarming tales of just how it all goes down as they train for the opportunity to be service dogs for Canine Companions for Independence(r). Follow Hudson, Parker, Ross and Mars on their journeys, with each puppy providing a uniquely hilarious spin on things. Which of the four dogs will make it? Readers can't help but root for the pups to succeed and graduate as service dogs. Woof!
