

Leya: Sphere of Vision Book One (Volume 1)

In a world where eye color may determine your future, Leya is born with one green and one blue eye. Will this diminish her potential or provide the exceptional opportunity to become a Double Vision Mistress? Even if she fulfills her gifts, Leya must learn to control her impulsiveness and quick temper or she will be stripped of her powers in a painful and crippling ritual. Unfortunately, Zendra, a devious Novice knows exactly how to raise Leyas anger. But the Mistresses, struggling with significant problems of their own, seem blind to Leyas dilemma. How much should she risk in pursuit of power, prestige, and wealth? This book was formerly titled Desiccate and has gone through another editing.
