Leodus of the Line of Thul is the heir to the throne of Lord Dragus, the heroic Lion Lord who crushed the Necrotii Nation for the Gask Empire. But Leodus is unaware that somewhere in the scorched and tattered lands of his enemies, a new leader for the Necrotii is rising - he is The Overmancer, and his time for vengeance has come. Forced to pay for the victories of his father, young Leodus and the other princes of the Gask are kidnapped, beaten and brainwashed into serving the twisted and ruthless armies of The Overmancer. His memories are fading, his loyalties are changing, and if the young Prince of Thul wants to save his life and his soul, he must prove his brutality as a warrior of the Necrotii, and that being his fathers son is only half of what hes made of.
