

Marina Abramovic (Routledge Performance Practitioners)

Routledge Performance Practitioners is a series of introductory guides to the key theatre-makers of the last century. Each volume explains the background to and the work of one of the major influences on twentieth- and twenty-first-century performance. Marina Abramovic is the creator of pioneering performance art which transcends the forms provocative origins. Her visceral and extreme performances have tested the limits of both body and mind, communicating with audiences worldwide on a personal and political level. The book combines: a biography, setting out the contexts of Abramovic's work; an examination of the artist through her writings, interviews and influences; a detailed analysis of her work, including studies of the Rhythm series, Nightsea Crossing and The House with the Ocean View; practical explorations of the performances and their origins. As a first step towards critical understanding, and as an initial exploration before going on to further, primary research, Routledge Performance Practitioners are unbeatable value for today's student.
