

## The Midwest Fruit and Vegetable Book: Iowa

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the benefits derived from gardening, namely enjoyment, exercise, and nutrition. Book retailers are well aware that the trend in gardening books is to regional titles that provide credible information on the plants that perform well in specific regions. The Midwest Fruit & Vegetable Book, Iowa Edition is written by the highly popular gardening expert James Fizzell. Contains advice for plant fruits, vegetables, and herbs. With 60 featured plants, the authors provide characteristics of available varieties, planting and maintenance advice, as well as recipes for dishes from the garden.
