

# Paintings And Drawings By Eleanor Gilpatrick In Private Collections: 2nd Edition

This book presents images of my artworks in private collections. I so appreciate that people have wanted to live with my art. Because I do not make prints of my work, the images in this book are the only ones available beyond the originals. They are offered to people who would like to see what pieces are being enjoyed in private homes and to read about how they came to be created. This second edition shows artwork from my first sale through January, 2012, in order by the date of the sale or gift. The date a piece was created and its description accompanies each image. I do not list the names of the collectors to protect their privacy in this time of spam and scam. An inventory of my currently available work is at [www.Zibbet.com/Egilpatr](http://www.Zibbet.com/Egilpatr)
