

Oink: My Life with Mini-Pigs

What happens when a man wonders aloud if a pig would make a good pet? A great deal - once his wife discovers a kind the size of a handbag. Matt Whyman is a writer and house husband. He enjoys the quiet life. His career wife, Emma, prefers the chaos a big brood can bring. On top of four challenging children, one freaked-out feline, a wolf-like dog and a wild bunch of ex-battery chickens, she brings minipigs Butch and Roxi into the fold. But can the new arrivals really cuddle up on the sofa, or will their growing presence spark a battle of hearts, snouts and minds? Funny, touching and entertaining, Oink! charts the trials and errors of one man and his menagerie. With help and advice from a seasoned local smallholder, Matt sets out to master the art of managing minipigs - inside the house and out. Then someone suggests breeding minipiglets, and Matt's understanding of marriage is tested in the most unexpected ways...
