

Introduction to Oil Painting (Art School)

This volume is part of a how-to-paint series which has been devised by professional artists and art tutors. Each volume in the series covers a specific medium and subject. The text is written in a jargon-free style, designed to stimulate and encourage beginners. Advice is included on selecting the correct tools for a particular medium or technique. In addition, these guides contain more than 300 colour photographs and step-by-step sequences which show how each painting develops.
